- Professional grade Brass for a permanent seal in seconds!
- Fast, trouble-free installation of Copper, PEX or CPVC tubing!

The original ProBite™ push connect technology for plumbing, heating, air and fluids.

# Cut, Clean, Mark It, Push Connect™!

## You're DONE!

No flames, glues, tools, crimping or threading

**ProBite's Premium Construction Provides Superior Performance & the Industry's Best Warranty!**

Why install inferior metal or plastic fittings that are made or warranted to last about as long as a fluorescent bulb? Accept no substitutes, choose the only brand of fitting with a 75-year warranty, ProBite™.

\*When using PEX, a Hi-Flo tube stiffener should be inserted into the PEX tubing end prior to insertion into the ProBite fitting or valve.

## VALUE

Professional grade quality, backed by the ProBite superior warranty is just the start. Save time and money on your installation by completing your projects in 1/12th to 1/20th of conventional soldered technology.

### Pipe and Tubing

#### Use for Copper, PEX, CPVC Tubing

ProBite™ fittings have been tested to ASSE 1061/NSF 61 standards and are listed by IAPMO, meeting UPC, IPC and cUPC requirements.

### Applications

#### Fluids, Inert Gases, Water and Air

ProBite™ push connect fittings are certified for potable and hydronic heating installations, as well as underground applications and as a plumbing joint without access panels.

### Assortment

#### Wide Variety of Fittings, Kits & Valves

ProBite™ offers a wide range of push connect plumbing fittings, as well as stop valves, ball valves, gate valves, installation kits and custom products.
